Grades 6-8

Our easy-to-use slides and teaching notes empower teachers to shift math classes from *workbook time* to *discussion-and-problem-solving time*. Guidance is built into every lesson, providing teachers with in-context professional development. We make it easy for teachers to provide differentiated instruction. Each lesson, which includes a warm-up, activities, a cool-down, and practice problems, can be assigned to small groups and individual students.

Grade	<u>EdReports</u> Gateway 1: Focus & Coherence	<u>EdReports</u> Gateway 2: Rigor & Mathematical Practices	<u>EdReports</u> Gateway 3: Usability	<u>Mass CURATE</u>	<u>Louisiana Believes</u>
6	14/14	18/18	37/38	Meets	Tier I: Exemplifies Quality
7	14/14	18/18	37/38	Meets	Tier I: Exemplifies Quality
8	14/14	18/18	37/38	Meets	Tier I: Exemplifies Quality
